

Faye Perkins

Faye Perkins has rejoined the Board of the Hotel Dieu Shaver Foundation in recognition of the organization's profound impact in helping individuals rehabilitate—no matter where they begin their journey. She remains deeply grateful for the care and compassion the staff and volunteers provided to her grandfather and mother, and is committed to ensuring that this same level of care remains accessible to others in the community.

Faye's career has been rooted in music. After growing up in Fonthill, she moved to New York City, where she served as Vice President of International Marketing at Sony Music. Following the industry's shift to a subscription-based model, she returned to the Niagara Region to work with independent artists and the Glenn Gould Estate.

She holds a Bachelor of Music from Western University and an MBA from Brock University. Faye continues to advance the legacy of Glenn Gould, currently working with Primary Wave on initiatives to commemorate what would have been his 100th birthday.
